

The Premier of Ontario - Le Premier ministre de l'Ontario

April 2007

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone across the province marking April 2007 as Oral Health Month.

I have often said that Ontarians' health is our most valuable resource. That is why I have the highest regard for the work of people in the health care professions. Oral health is an important part of overall well-being, and I commend dental professionals for their invaluable contribution to our people's welfare.

Dental health starts with good habits, instilled early and applied consistently. That is why I would like to congratulate everyone participating in Brush-a-Mania, now in its seventh year of operation. The beneficial habits you acquire today will reward you with excellent health in the years to come.

Please accept my best wishes for a highly successful month. By working together, we can build a stronger and healthier province.
